# *Lost Sheep Found*

BY RED BECKMAN

# A

merica used to be a country with a government ... now we're a government with a country.

Martin "Red" Beckman spent more than 40 years as a church-going Christian, listening to and believing everything his preacher said. Then he realized that all the nation's churches-not just his had fallen under a mysterious force teaching many government edicts that simply were not Biblical. "The core problems with America today are spiritual ones that cannot be solved politically," says Red. "Any time politicians lie and cheat and ignore the Ten Commandments they come between Man and his Creator and we must obey God rather than men (Acts 5:29). Simply put, we must return America to 'one nation under God'. "It's not welfare, food stamps nor war that will make our nation great again, and it most certainly isn't Republicans or Democrats, as Red points out in this book. Only repentance and a return to God and Biblical guidance can save America, and this means that the nation's pastors must stop obeying government edicts that interfere with the teachings of God. Preachers can reach out to hundreds of dedicated listeners each week and can have more political impact than any D.C. politician. Reforming this nation can start in the pulpit and the truths contained in this book can be a guide for them and others who are willing to admit the real problem is a spiritual one, not a political one. Inside this book is a wealth of practical and spiritual wisdom accumulated by the author during his life. Red has spent the greater portion of his life touring, lecturing and writing books in an attempt to make a difference by educating his fellow citizens about the truth on the income tax, personal freedom, the Constitution and the need for national spirituality. Please help distribute this book widely. Copies of this book can be obtained for as little as \$5 each in bulk. See inside how you can become involved in spreading the message of liberty contained inside and do what you can to help put America back on the track first laid out by the Christian Founding Fathers 240 years ago.
